

HEALTHY COMMUNITY ROLE MODEL PROGRAM

REGISTER YOUR COMMUNITY TODAY!

The Four Directions Healthy Community Role Model Program aims to honour those in your Aboriginal community that positively contribute to the health of your people. The great features of this program include:

- The criteria for an award is determined by you and your community or facility. This allows you to reward areas specific to your current community health initiatives.
- Participation in this Program is free and does not require a minimum level of sales volume with our company.
- Each award can be proudly displayed at home or in an office.
- FDMS Inc. staff will present this award in a formal manner at an event of your choosing.

To enquire about this Program, or to register your community, please contact:
